Project #547: Hot Air Balloons!

(By Kids CAre Preschool)

- Cut out a basket shape.
- Cut out your hot air balloons shapes.
- Attach the balloon shape to the basket shape by using strips of paper or string.
- Children may decorate the basket and the balloon.
- For a 3D look, try using two or more balloon shapes, fold and glue one side together to form the 3D look!
- Stickers, sparkles, crayons, chalk, felt markers, sparkles etc are some ideas.
- Try using some felt pieces to glue onto your basket.....
- Add paper people to your basket!
- Try using a 3D basket that you may form from folding a Square.
- Cut slits in each corner and fold together..... To form a box.

Activity: Look into the sky to view planes and sometimes you may see a blimp or a hot air balloon. Look at magazines or books on Hot Air Balloons! "The Wizard of Oz' movie has a Hot Air Balloon!
