

Ann's Creative Corner

Project #557: Dance, Music and Movement!

- Let's get creative with our music and movement.
- Items that could be used are scarves, ribbons, Bean Bags, instruments, pots and pans, spoons, wood utensils etc.
- Create some music with just the instruments such as tapping sticks and wooden spoons.
- Add in some metal spoons.
- Add in some small lightweight tin pots and pans!
- When you are done experimenting with the items you chose, add in some music.
- Drum solo music would be a good start with some simple beats that the children may follow.
- Spoon tapping would be great with a flute or recorder to blow some simple notes for children to try to follow.
- Give the freedom to the children to create what they like.
- Add in some scarves, bean bags and ribbons.

Activities and Music: (please check out our Facebook Video Page)

- Bean Bag Parade!
- Scarf Dance!
- Wiggly Ribbons!
