

## Ann's Creative Corner

### Project #562: Rose Art!

- Clip some real roses and place them in some water by the stem.
- Many wild roses can be found at the Riverfront.
- Smell the roses. Watch out for those prickles!
- Try to draw the roses on a piece of paper.
- If the rose petals are falling off, lay them flat in between newspapers and lay a book on top of them.
- Leave them overnight to flatten and dry.
- These petals can be use for your art creation.
- They may also be placed on sticky shelf paper for a nice design. This is very easy to do as the paper if very sticky. The roses will all look different and the pictures will be very interesting.
- Add some other nature seeds to this as well such as the cotton seeds and dandelion seeds.
- Draw with felt markers as well.

### Song: Listen to the Water

Listen to the Water, Listen to the Water Rolling Down the River ...

Please check out our Facebook videos for the actions and the tune. At the end of the song it will be a flower!
