Project #569: Canada Day Flag!

- Cut two strips of red Construction Paper for the two sides of the flag.
- Cut out a red maple leaf shape. These may also be bought from a craft store or Dollar Store.
- Glue these onto a white piece of paper or construction paper to form the Canada Day Flag!
- Add details to this if you like with sparkles!
- Try adding some texture to this with red and white tissue paper.
- Add a stick or a strong straw to the side to hold your flag up high!
- Painting a flag is also an idea. Use a thin paint brush or QTip.
- Stickers could also be added to your flag such as maple leaf shapes or Canada Day Stickers!

Song: Oh Canada!

Activity: Make a Canada Day Parade together.
