Project #599: The Earth and Planets!

- Make the shape of the earth and fill in details of various shapes of continents. These may be cut out of construction paper and the children may glue them onto the Earth Circle.
- After this is done you may add some stickers of various cultures onto each continent or the children may draw people onto it if the earth is large enough such as out of a poster board.
- Do a "Space" poster by providing the planet shapes and the moon to make a collage of Space.
- Add some stars and comets if you like.
- Add sparkles for the stars.
- Add some cloudy areas.
- Make this a night scene with a dark background.

Song: Zoom, Zoom, Zoom

Zoom, Zoom, Zoom, We're going to the moon (2 times)

If you want to take a trip click aboard my rocket ship

Zoom, Zoom, Zoom, we're going to the moon

In 5, 4, 3, 2, 1 Blast off! (swing the child into the air or the children may start from squatting and then blast off themselves!)

(Add far, far, far, we're going to the stars)

(Add fun, fun, fun, we're going to the sun)
