

## Ann's Creative Corner

### Project #612: Apple Tree!

- Cut out a basic tree shape.
- Cut out the basic tree top shape.
- Glue these together onto another piece of paper.
- Cut some small apple shapes out of some red, yellow, and green paper.
- Glue the apple shapes onto your tree.
- Add some stems by drawing them on.
- Add some details such as lines to the Tree Trunk.
- Add some leaves to your apple tree with bits of paper or scrunched up tissue paper.
- Make a scene around your tree if you like.
- Draw some animals, houses, people etc.
- Use some stickers to create your scenery if you like.

### Felt Story: Farmer Browns Apple Tree

Have a felt tree on your board.

Create some felt apple shapes. Place them on your tree.

Chant:

Farmer Brown has 10 red apples hanging on a tree, 10 red apples hanging on a tree. Along came "Judy" and took one, then there were 9. Continue this until all children have picked an apple off the tree!
