

## Ann's Creative Corner

### Project #614: Fall Tree Art!

- Trace your child's hand or make a handprint by painting the child's hand and pressing it onto paper.
- Children may add small colourful paper leaf shapes to this to create a Fall Tree.
- Have some Qtips available too so they may paint some small leaves.
- Supply a printed tree that the children may add Falling leaves to and around as the leaves are "Falling"
- Use some dried or whole fall leaves for glueing.
- Use some flexible Fall leaves as paint brushes.
- Make a Fall tree by glueing the Tree Trunk and branches from some brown construction paper together.
- Add some tiny construction paper leaves to this.
- This would also make a nice group project with various handprints on a larger tree shape!

### Song: See them Falling (Tune "Are you Sleeping")

See them Falling, See them Falling.  
To the Ground, to the Ground  
Red and Yellow, green and brown,  
Red and Yellow Green and Brown  
Green and Brown, Green and Brown.
