

Ann's Creative Corner

Project #625: People!

- Create the basic shape of people or even a gingerbread man shape.
- Making many people's shapes attached to each other is another option for family and friends.
- Supply some felt markers, crayons and bingo dabbers to create the people or person you would like to make.
- Toddlers and preschool children have lots of fun and can be creative with the bingo dabbers!
- Add some sticker eyes or draw the facial features.
- Add some 3D materials such as wool or string for the hair.
- Add some buttons using round shapes.
- Older children may like to add plastic buttons with non toxic liquid white glue.
- Felt buttons may also be nice with non toxic liquid white glue.
- Add a popsicle stick or straw to make your person like a puppet.

Books to Read:

"My Family"

"Two eye, a nose and a mouth" (Multicultural book with many different types of faces of various features and colours)
