

Ann's Creative Corner

Project #627: Community Vehicles!

- Provide shapes to make vehicles.
- Children may glue the shapes onto a Poster Board to create a collage of various vehicles. This can be a great group project for Families or in School or with friends.
- Try using calendar or magazine pictures.
- Draw your own vehicle.
- Use some stickers.
- Create the roads.
- What about transportation vehicles like bikes, trikes and scooters?
- Wheelchairs and walkers too are vehicles for some people.
- Electric bikes and scooters too.
- What about vehicles that fly in the air. Postcards are great for this and/or travel brochures.
- Hot air balloons too!
- Add the scenery around your vehicles. It may be paths, rivers, forests, lakes, roads, grass, gravel etc.

Song: Wheels on the Bus

This can also be any vehicle, wheelchair, scooter, bike, trike etc.
