Project #624: Remembrance Day Wreaths

- Use a paper plate for your wreath.
- Cut out the centre of the paper plate or leave it whole
- Decorate your wreath with poppy flower shapes.
- Add some red tissue paper for details.
- Scrunch the red tissue paper and add to your poppies to give some depth and shape.
- Try using red cupcake paper to create poppies for your wreath.
- Add the black centre circle to the cupcake paper before or after placing the poppy onto the wreath.
- The wreath will look nice with many poppies in a circle.
- Add some red sparkles if you like.
- Try Qtip painting on your poppy shapes.
- Add paper leaves if you like.

Wreath Placement: Display your wreath!

Place your wreath or wreaths on a door, window, wall or anywhere you like for Remembrance Day.
