Project #653: Chinese Architecture!

- Create a Community using shapes to create your Chinese Architecture Community.
- Use various shapes to create houses, buildings, gardens, ponds, shopping areas, paths, parks and streets.
- Glue your shapes onto a poster board.
- Have many children together and families to create your community on the board.
- Try using different textures with the paper and also using various drawing materials including painting with thin brushes.
- Add the year of the snake for 2025.
- Add some people to your creation by drawing people or use stickers for people.

Activity: Visit a Chinese Garden. Dress up for Chinese New Year in your special Chinese Outfit. Visit Chinatown or Special Chinese oriented Shopping Malls.
