Project #661: Pink Shirt Day!

- Cut out some basic TShirt shapes from Various shades of pink construction paper.
- Make various sizes if you like to create a Family of TShirts.
- Provide the Families with glue sticks, pens, pom poms, wool, string, stickers and other suitable materials to create your own TShirt.
- When you are done a TShirt or more if you like, think about making a mobile with them by attaching them with a short string to a pipe cleaner, stick or hanger.
- These will make a nice display hanging on a doorknob, in a window, in a closet, on a dresser drawer or anywhere you think is suitable in your home.
- Try hanging one simple Pink TShirt in your car in a non-blocking area.

Pink Shirt Day:

Reminder for us to be respectful of each other as well as Anti Bullying Day! The focus is acceptance of each other and to be aware not to put unacceptable behaviour onto others. Physical and emotional abusive behaviour is very detrimental to all. Please be peaceful especially on Pink Shirt Day. Try helping others and understanding various people. Please wear a pink shirt for this special day!
