

Ann's Creative Corner

Project #668: Farm Animals!

- Use some templates of various farm animals.
- Trace these and cut them out.
- Supply the children with various textures such as cotton, string, wool, fur etc.
- Provide some felt markers for details to the animal such as the eyes and other facial features.
- If you wish, you may want to glue your farm animals onto a piece of construction paper or poster board.
- Add other details to create your farm.
- Cut some shapes to create your own idea of a barn.
- Add some fields and fences if you like.
- Add some texture to your creation using some tissue paper or natural items such as tree bark, sand and dried grass.
- Think of other ideas, ask the children their ideas.
- Add the sky and things in the sky.....

Activity/Song: "Old MacDonald Had a Farm" (change the name..

Various ways to do this:

- Finger Puppets
- Stuffed animals
- Books
- Pictures

“ VISIT A FARM!”
